# PRODUCTION SERVICES

NATURAL • CLEAN LABEL • ORGANIC CERTIFIED

## Dehydration & Redrying

Our flexible tray drying system maximizes airflow and drying conditions for sensitive products.

Based in California and Organic Certified.

## Optical Sorting

We use a Buhler Sortex system for efficient removal of defects and foreign matter from dried food products.

Based in California and Organic Certified.

## Craft Smoking

Our real wood smoking process of dried food products is a completely natural alternative to adding smoke flavor additives.

Based in California and Organic Certified.

## Fire Roasting

Our unique, authentic fire roasting of dried food products eliminates frozen storage and handling complexity of IQF roasted products.

Based in California and Organic Certified.
